AN INDEPENDENT WEEKLY NEWSPAPER CIRCULATING THROUGHOUT  
ARTLAND, CHAUVIN EDGERTON, RIBSTONE, MERTON, SIFTON, & MANITOULAKE

VOL. 7: No. 318 CHAUVIN, ALBERTA, WEDNESDAY, JUNE 30th 1920 5c. per copy \$1.50 per year in advance

## M.D. Of Ribstone

**Court Of Revision**  
The annual court of revision and assessment purposes went into session at ten o'clock in the forenoon, June 26th, 1920. All the members of the council were present and Heave Ferguson presided.

The following appeals were heard and decided when survey is registered—

1. Osborne, Jonathan, S.W. 21-42-2-3-4; reduced to \$3.00 per acre—C.R. McCluskey

2. Osborne, Mrs. W. N.W.-22-42-2-3-4; reduced to \$3.00 per acre—C.R. McCluskey

3. Williams, Alfred; S.W.11-42-2-4; reduced to \$3.00 per acre—C.R. Dumont

4. Lippert, J. A.; W.1-2, 27-44-3-4; reduced to \$10 per acre—C.R. Tunney

5. Carlson, F. J. N.W.-2-42-2-4; reduced to \$7.00 per acre—C.R. McCluskey.

6. de Winton, H. J. all 3-4-2-4; to be reduced when survey is registered—C.R. Sewell

7. Mundy, N. J.; W.1-2 27-43-1-4; disallowed—Heave Ferguson

8. Hallett, W. H.; N.W.-5-4-2-3-4; reduced to \$3.00 per acre—C.R. Tunney

9. Perkins, A. N.W. 3-4-4-3-4; School lands must carry usual rate—C.R. Tunney

10. Page, Rene, N.E.17-42-1-4; when approved for road taxes would be reduced—C.R. Dumont

11. Goodall, J. M., S.E. 2-4-3-1-4; reduced to \$12.00 per acre—C.R. Dumont

12. Strachan, H. and N. 21-44-2-4; reduced to \$10.00 per acre—C.R. Sewell

13. Dallyn, John, E. 1-2 31-42-2-4; reduced to \$10.00 per acre—C.R. Doucette

14. McCluskey, H. J. N.W. 14-42-3-4; reduced to \$7.00 per acre—C.R. McCluskey

Young McCluskey moved that the decision as set forth herein be recorded, that the assessment be changed accordingly, and that the appellants be duly advised of the decisions. Carried.

Signed: CHAIRMAN OF COURT

## M. D. Ribstone

### Council Meeting

M.D. Ribstone No. 42 regular meeting held at the Municipal Hall, at one thirty o'clock p.m., June 26th 1920. All members of the Council were present.

Minutes—Minutes of the last preceding meeting were read, and Council Sewell moved that same be adopted.

Hall Rent—Mrs. Blair having complained to the Council for the reason that the Hall was usually with out being swept after use, she thus having to clean or sweep same before school could be held, the Council discussed the matter of arranging for someone to be responsible for the arrangements of renting and using for school other than school.

It being also mentioned that there was as yet no plan of the Ribstone cemetery it was thought advisable to attend to both these matters at the same time. Mr. John Phippen was approached in the matter, and it was being willing to accept the same when was appointed to have charge of the renting of the hall, to keep the keys, and a list of users. Also to have charge of the plan if the cemetery at Ribstone. All applications for the Hall, and for the cemetery plots will therefore in future be made to Mr. John Phippen. No remuneration was fixed for the present, but some suggestion was to be laid before the Council at its next meeting. Appointment moved by C.R. McCluskey, carried.

C.R. Dumont moved that the secretary lay out the Ribstone cemetery in suitable plots, make the necessary plans for same, and provide the caretaker with a copy, carried.

Cemetery—Secretary was instructed to procure the necessary stakes and iron posts for the plotting of the Ribstone Cemetery.

Plows—Secretary was instructed to report to the U.G.G. that the plows have been supplied without charge.

Council. Dumont moved that, if the balance of the order was not in hand, (Continued on inner page)

## Live Stock Shipping Association Formed

The delegates to the Chauvin District United Farmers Livestock Association met in A. E. Keith's office Saturday afternoon, June 26th, and duly organized the above named body.

Moved by N. Strachan—J. Nell, that James Semple be president. Carried.

J. Varty, W. J. Harris—that J. Nell be Vice-President. Carried

W. J. Harris, J. Nell—that L. Borward be shipper. Carried

J. Nell, N. Strachan—that local be taxed \$5.00 to be paid to the secretary (R. H. Beatty) to be applied to funds. Carried.

The next meeting will be held at the elevator, Friday, July 9th at 2 p.m.

## Presentation To Miss McKinnon

A delightful shower of farewell tea was given for Miss Mary McKinnon our much esteemed teacher of the primary grades, whose engagement to Mr. Harry Fuller, recently of the Chauvin Branch of the Union Bank, has been announced; the Chauvin Branch of the Union Bank, at the home of the President, Mrs. O. B. Remy.

The house was fittingly decorated for the occasion with cupids, hearts and wild roses.

Mrs. Roy had prepared a short program of music, Mrs. Parsons and Miss Roy gave piano selections and Mrs. Roy, Leontine Roy and Miss McKinnon who sang.

An interesting feature was the way in which the gifts were brought in—a small cart decorated with yellow and blue, the Institute colors, was drawn in by Leontine Roy, who was dressed as a bride, the gifts, which were opened by Miss McKinnon assisted by Miss Holbrook and Miss Ellis, who thanked the givers and passed them around so that all could see them. Miss McKinnon received many beautiful and useful gifts.

A delightful tea was then served. The tea table being presided over by Mrs. Robinson and Mrs. Folskins, who poured tea, Mrs. Keatley and Mrs. Gifford, who served the salads.

Mrs. Roy took some pictures of the entire company, the town and the pleasant afternoon was brought to a close by all singing Auld Lang Syne.

Among those present were: Mrs. L. E. Roy, Mrs. A. W. Robinson, Mrs. A. Campbell, Mrs. C. C. McKee, Mrs. E. P. Folskins, Mrs. E. Ellis, Mrs. C. Miller, Mrs. O. B. Remy, Mrs. Chas. Ryall, Mrs. O. St Pierre, Mrs. D. W. Parsons, Mrs. R. H. Beatty, Mrs. Hass, Mrs. T. Armour, Mrs. A. C. Gifford, Miss Odden, Miss M. Rodden, Miss Jean Holbrook, Miss Mary McKinnon, Miss Ellis.

## Chauvin District U.F.A. Picnic

The Chauvin District U. F. A. picnic has been arranged for Wednesday July 14th—Remember the date—Watch for further particulars.

## W. L. A. Notes

The Ladies Auxiliary Westminster Church will serve Tea, Coffee, Sandwiches and pie in the Agricultural Hall, on Sports Day, Donations of pies will be "thickly" received. Proceeds in aid of Church funds.

The next meeting will be held at the home of Mrs. Rinde, Friday, July 16. All are invited to attend.

## Edinglassie Farmers Call Meeting To Organize U.F.A.

The farmers of the Edinglassie district are invited to attend a meeting to be held in A. E. Keith's office at 2.30 p.m., next Saturday afternoon

The object of this meeting is to organize a local of the U.F.A. in this section, if such be found desirable and practicable. It is of the utmost importance that there be a full attendance in order that the feeling on this matter be correctly expressed

The object of the association are: 1. The moral improvement of the farmer. This is putting first things first. Moral improvement implies the use of the best means for attaining that end. This includes religious means. It is a well known fact that people cannot attain a high state of morality without the aid of religion. Christianity is the best religion to uplift men. Therefore we might expect the U.F.A. leaders to be Christian men. Such we find them. We might expect the U.F.A. Association to take the proper stand on all moral questions. And it does.

2. The intellectual improvement of the farmer. No movement among the farmers has done more to stimulate and develop the mind than the present one. The annual convention is a splendid educational means. The great meetings develop local talent. They show how to conduct business, and cultivate speaking ability. They also give the opportunity to exchange ideas about farming.

The society has exerted a beneficial, though indirect influence upon the public schools of high schools of the province. They have still more to do before the schools are what they should be in an agricultural province.

3. Another object is the financial improvement of the farmer. To attain this, organization was necessary; and to demand exorbitant prices, but to get the value of their products.

Success has flowed the co-operative effort, but much more is to be done. With improved finances the farmer will be enabled to carry out the other objects of the society, such the improvement of the soil, the bettering of the stock, the raising of the land.

(Continued on inner page)

That W. McCluskey, property, lots 1 and 2, block 10, which were assessed at \$250 each, be now raised to \$500 per lot. Carried.

That S. G. Lewis assessment on lots 2, 6 and 19 to 13, Block D, be lowered to \$200 per lot. In place of \$250 as formerly assessed. Carried.

That secretary look up acreage B to ascertain whom this belonged to. Carried.

That secretary notify all persons that they must not allow hens, ducks, geese or other fowls to run at large in the village, or will be liable of impounding of the fowls, or a fine of not less than \$10 and not more than \$100. Carried.

That F. Devignon be appointed to collect the dog taxes for 1920 and that he be appointed village constable until further notice. Carried.

Meeting adjourned July 28th.

## G.W.V.A.L.A. Notes

The G.W.V.A. Ladies Auxiliary held their regular monthly meeting Saturday, June 26th and arrangements were made for the great Peace Day Celebration." on July 19th. Several committees were formed to take charge of the many items that must be considered for the making of a successful days enjoyment.

Tea, Coffee, sandwiches, cake and pie will be served by the ladies Auxiliary, one side of the booth being reserved for that. The hall will be reserved for the ladies. The hall will be reserved for the ladies. The hall will be reserved for the ladies.

## Our Weekly Sermon

U.F.A. address delivered at Prosperity Airlie and Killarney by Rev. Millar.

Text II. Thes. 3: 10. "If any would not work neither shall he eat."

The motto of the U.F.A. Association is the word "Equity" which I find on the front page of the constitution. This is a good word. It indicates morality without the aid of religion. Justice between man and man.

The method of work in the association is by co-operation. It took a long time for the farmers to learn to work together but they learnt the lesson well.

The objects of the association are: 1. The moral improvement of the farmer. This is putting first things first. Moral improvement implies the use of the best means for attaining that end. This includes religious means. It is a well known fact that people cannot attain a high state of morality without the aid of religion. Christianity is the best religion to uplift men. Therefore we might expect the U.F.A. leaders to be Christian men. Such we find them. We might expect the U.F.A. Association to take the proper stand on all moral questions. And it does.

2. The intellectual improvement of the farmer. No movement among the farmers has done more to stimulate and develop the mind than the present one. The annual convention is a splendid educational means. The great meetings develop local talent. They show how to conduct business, and cultivate speaking ability. They also give the opportunity to exchange ideas about farming.

3. Another object is the financial improvement of the farmer. To attain this, organization was necessary; and to demand exorbitant prices, but to get the value of their products.

Success has flowed the co-operative effort, but much more is to be done. With improved finances the farmer will be enabled to carry out the other objects of the society, such the improvement of the soil, the bettering of the stock, the raising of the land.

That secretary notify all persons that they must not allow hens, ducks, geese or other fowls to run at large in the village, or will be liable of impounding of the fowls, or a fine of not less than \$10 and not more than \$100. Carried.

That F. Devignon be appointed to collect the dog taxes for 1920 and that he be appointed village constable until further notice. Carried.

Meeting adjourned July 28th.

## Crowds Are Coming

We are continually getting reports from the farmers of the district of the immense crowds coming that the day of the fair.

Not a few are coming from Lloydminster to see a celebration of which they have heard and read about for years. Provost is coming in droves. Edgerton is shutting up shop at home and is heading down the night by train. Macklin will be represented by at least twenty and will bring all Senlac with them. As for Manitou Lake District there will be nobody home to milk the cows—but the cow like most genuine good people, is a forgiving brute. Ropes and Prosperity are Killarney Lakers are coming up in droves. Visitors should be here early to see the fleet approaching. Their colors will fly on the grounds all day. In order to secure a quiet passage they have decided to return by submarine.

People! People! It will be worth while coming, if only to see the people. All are welcome. Bring the children—July 7th

## G. W. V. A. Notes

Regular meeting of the Chauvin Branch of the Great War Veterans Association held at the G.W.V.A. Hall Saturday June 26th at 8 o'clock p.m.

There was a good attendance of comrades.

Comrade Pitman presided, and called the meeting to order with the usual ceremony.

Minutes of last preceding meeting were read, and were adopted as read with the exception of the alteration in the price of the tennis club tickets, which was fixed at a flat rate of three dollars for all. Moved Com. Herbert—Carried.

Tennis Club Court—Com. MacKenzie stated definitely that the old tennis club had turned over the court for this year to the G.W.V.A. absolutely, and given us what equipment they had, and that now the court was under the control of this branch, and that all equipment was our own property; and that we could remove it at any time.

Secretary, Com. Smith—President reported that the Secretary had advised him that, owing to the condition of the funds of the branch at the present time he would accept the duties of the Secretary from now on without any salary. Com. Herbert moved that Com. Smith accept, that a vote of thanks be tendered to the Secretary for the new arrangement. Carried.

Comrade reported that arrangements had been made for the use of the grounds for July 19th, to include on all of buildings; for the sum of \$35.

It was suggested that the Roll of Honor (which Secretary reported as now in his possession) be immediately unveiled on the 19th July, and that speakers and special music be arranged for the day. Com. Swann requested to arrange for a pipe to come down from Edmonton, and Secretary was instructed to write and ask Maj. Strachan to unveil the Honor Roll on the field, and also write Capt. Pearson and Hudson to speak on the occasion.

It was decided that orders for blankets should be in the hands of the Secretary by July 3rd.

Com. Strachan—Letter from Provincial Command was read re-the lands for sale known as Pope Lease; and Com. Swann declared that the following resolution be forwarded to the Prov. Command—Whereas it has been brought to our notice that the Soldier Settlement Board has purchased the land known as the Pope Lease for \$30,000; and Whereas it is now proposed to sell the said lands to returned soldiers at prices aggregating \$200,000 and Whereas the profit to the Government by such sale would be excessive and Whereas the members of the Chauvin Branch of the G.W.V.A. pledge themselves not to purchase any of the said lands; and condemn the action of the Board in endeavoring to reap an enormous profit from the sale of the said lands; Resolved that Com. Swann, Sec. Carried unanimously.

It was arranged to have the books audited during the coming week.

Special meeting of the whole of the members will be held on July 17th at 8 o'clock p.m. at the G.W.V.A. Hall. All are invited to attend. Special meeting of the whole of the members will be held on July 17th at 8 o'clock p.m. at the G.W.V.A. Hall. All are invited to attend.

It was decided that the Boy Scouts should be invited in the parade on the 19th July.

Miss Smith reported that the Auxiliary Committee would meet the sports committee on Saturday the 3rd of July at 8 o'clock p.m.

Accounts—Account was presented from Com. Herbert for the foundation of the hall at \$250.00. Moved Com. Swann to be paid on motion of Coms. MacKenzie—Smith. Carried.

President, Com. Smith—Comrade Swann to fill the vacant place on the Executive committee.

Com. MacKenzie moved that the meeting be adjourned. Com. Swann seconded. Carried.

A Sunday school is proposed for the Butteville district. It will meet at the school house, Sunday afternoon, July 4th. All are invited to be present.

Welsh's Grape Juice—still selling at last years price, 40c. a pint. The Chauvin Pharmacy

## Editorial

### Chauvin Sports

Every possible precaution has been taken to ensure the success of the big Chauvin celebration, Wednesday, July 7th.

In view of the elaborate preparations that have been made, there can be no doubt that it will be the biggest celebration ever held here. The celebration is an event of rapidly increasing annual importance and evidence that has not been wanting to show these who are responsible for its success are fully alive to their responsibility.

A program of sports and attractions has been arranged that will keep every moment of the day alive with interest for the hundreds of visitors that will be in town. The management has done its part faithfully and well. It remains only for the official in charge of the weather to display his customary and kindly consideration for the comfort and convenience of the visitors. We would earnestly remind that official that he and we remind that official to sustain. His untimely kindness has won for us the title of "Sunny Alberta." Let him not, for the satisfaction of some impish caprice, hold us up to ridicule in the eyes of honest neighbors. An ample supply of the usual brand of Alberta sunshine is all that is needed to ensure unqualified success of this important event.

### Canada's Need

What is the need of Canada at the present time? We have a great debt in this country. How are we going to meet it? We are told to produce. We can produce in the factories, on the land, and in the mines of this country. We have great natural resources that only need to be developed in order to enrich this country; and if we could only develop these resources to the extent of one-fourth their value at the present time we would have no trouble in meeting our obligations as a nation. There is no cause for any person in this country to be discouraged about the future of Canada. All we need to do is to move around this Dominion to realize the great resources we possess; and we cannot help but glory in the fact that, in Canada, we have as great wealth and as great opportunities as are to be found in any land in the world to-day. What is requisite is to encourage the development of these resources, and give an opportunity to the people to take advantage of the wealth that is

in the country, there will be no need for the Government to worry about the future of Canada and no need for the honest, capable and ambitious citizen of Canada to worry about it either.

### Crop Reports

Crop reports from almost every section of Alberta maintain the encouraging tone which has characterized them since seeding operations were concluded. Everywhere ample moisture is reported and ideal growing conditions prevail. The total area estimated to be sown shows a decrease of about ten per cent. But though there is this decrease in the acreage, the excellence of the seedbed and weather conditions encourage the hope for a bountiful yield per acre which will, in measurable degree, compensate for the lost acreage.

#### SEARCH FOR OIL

The search for oil in Alberta still goes on. The Imperial Oil Co., now have eight drilling outfits at work and two more will be added to the list soon. While no definite results have yet been secured operations are being extended to find oil if at all possible. In addition to the wells now drilling, the oil company have several competent geologists scouting in the north country in search of other likely locations. The well at Czar is the deepest in the series, it having now reached nearly 2,000 feet. The drilling will go on to 4,000 feet if necessary.

### Training For Service

Our schools should train men and women for the duties and responsibilities of life, not alone for the "physical development" as some of the advocates of compulsory military training argue. Physical development, endurance and discipline are indeed a part and a very essential part in education and any system that does include these is faulty.

Agriculture, home economics and manual arts should be taught in our schools. And if these subjects are taught properly with practical work in the fields and gardens the advocates of "discipline and physical fitness" will have their requirements met.

### Winona U. F. A. & U.F.W.A. Notes

The Winona U.F.A. and U.F.W.A. have arranged for their big annual picnic on Wednesday July 7th in the picnic grounds, (N. E. of Winona school).

A full line of sports will be put on and good prizes offered for all events. Come early and take your dinner along. Tea and coffee supplied free on the grounds. Tags 50c. each. A dance will be held in the evening and the music will be the best. All roads lead to Winona.

### With Apologies To Robert Burns

(With apologies to Robt. Burns)  
Gin a Body meet a Body  
Coming through the rye  
Every Body meets their Friend  
On the 7th of July.  
All the folks frae all around  
Will to the town go hither  
An' who won't have a jolly time  
Joking, aye and treating one another.

Do not neglect to poison the gophers on your place before the next year.  
The only way to get rid of the pest is to keep at them every year.  
All kinds of gopher poison for sale.

## The Editor's Table

The weather man was thorough in his methods on the day of the S. Jean Baptiste picnic. There was not the slightest indication of half-heartedness in his behaviour. From the wee small hours of the morning until the hour when the guests should have been enjoying old man Lambert's dinner of beans, there was a steady downpour of rain. As one pupil of the Chauvin public school informs us, it measured slightly over two inches, in his measure.

In the early afternoon the downpour moderated and by supper time the sky was bright, and a perfect, though cool evening followed.

We can but hope that the pleasant evening of the day of the patron saint of Canada may be prophetic of a fine fall with a bounteous harvest safely garnered in.

Whilst, talking of picnics, there appears to be quite a number of them this year—the more, the better, because we need each others friendship and all the simple joys of life we can get—and there appears to be some unhappy choice of dates: owing, mostly to the haphazard manner of choosing the dates.

To illustrate our point we will refer to two instances in particular. In making these references we have no desire to give offence, but only to help rectify matters for another year. On May 24th, (Empire day) and June 3rd (King's birthday) there was no public event in Chauvin. We would suggest to the Chauvin Womens Institute that the choice of the King's birthday as their annual picnic day would be most appropriate. (Especially in view of the fact that Empire day is now held this year owing to backwardness of season). Our second suggestion is to the Chauvin District U. F. A. Association: and we would say, why not observe Peace day, July 19th instead of a day only five days removed—possibly, it would mean co-operation with the G. W. V. A. This co-operation,

however would be a great advantage and not the slightest detriment.

It is well, we contend, in setting the dates of these our local social functions, to set them as far as is possible upon national days. The objects can then be obtained in the one effort, whilst above all it will tend to maintain our national spirit and up-build the true Canadian spirit in our lads and lassies.

"Our farmers are not all conservationists. The fertility problem on the prairies is a somewhat different one from that of the older provinces. We have an abundantly fertile soil, but a scientist has recently estimated that if we shipped away only 100 million bushels wheat annually from Saskatchewan we would ship away fertility—nitrogen, phosphorus and potash—with a market value of \$23,550,000 not including freight.

The sources of ivory are the elephant, the walrus, the hippo, the mammoth, and a certain Alberta board of commission.

One day last week the board of commerce explained that sugar ought to sell at 23 cents per pound. The next day refiners announced that the price would go up \$2.00 a hundred. Thus it would appear that the refiners can mark up the price faster than the staff of the board can figure out what it amounts to.

Folks cannot be too careful even though the weather is getting warmer. We've already heard of two or three young ladies' who rashly discarded their summer furs and caught a cold in their ankles as a result.

A law requiring that all shoes be made of leather might help some to relieve the paper shortage.

While boosting for the greatest country, don't forget one of the greatest towns—Chauvin.

Each year the dairying industry in this district becomes a greater factor.

## G. W. ALLAN & Co, Chauvin

A business that is profitable in poor years, as well as good, seems a pretty good business to stay by.

Nature sometimes "stores" a great amount of energy in a very small object—a flea for instance.

An exchange says that the government of England could easily be controlled by women. Well, maybe so, maybe so.

### Visitors This Year To Chauvin Sports On July 7th

Probably the most widely patronized celebration of its kind in northern Alberta—are going to have an additional pleasure of seeing a football game, as it should be played.

It may not be commonly known that Chauvin has a team of all Stars. From centre field to the goal posts there is not a weak point. Composed as they are of mostly university graduates, many of them from the British Isles, and trained to make every "Kick Kount" They are contemplating a provincial tour which if successful may afterwards be enlarged to a continental. Don't miss seeing them on July 7th at Chauvin Sports.

Don't forget the date, July 7th.

### SMILE

Smile though your world on a sudden collapse,

Smile though your path has been hidden by night;

Smile though a thousand black demons are tempting,

Smile though the thousand black demons seem right.

Smile though your heart is just fairly exploding,

Smile though your mind has dissolved into space;

Smile though your smiling be crooked and foolish,

Smile though the tears may be flooding your face,

Smile, for your Father is closer than breathing;

Smile, for your Brother is ever in you smile, Love Divine has created these trials,

Smile, Love Divine will protect you clear through.

A hairpin was used for emergency operations several times by Army surgeons during the war.

OUR LITTLE ADS DO BIG WORK

### European Corn Borer And Others which Can Be Mistaken For It

In certain sections of the eastern United States the notorious European Corn Borer has become established and in view of the grave danger of this foreign pest being brought into Canada, the Entomological Branch of culture, have issued a special circular

dealing with this insect and others which bore in corn and which may be mistaken for it. This has been prepared by Mr. Arthur Gibson, Chief of the Division of Field Crop and Garden Insects. It comprises 14 pages and has seven illustrations. A limited edition only of this circular has been printed. "Agricultural workers and others specially interested may obtain copies free of charge on application to the Publications Branch, Department of Agriculture, Ottawa.

Canada, measuring 4,000,000 square miles, is the largest British possession: the smallest is Gibraltar, less than 2 miles square.

The opal is more difficult to imitate than the diamond.

A six-year-old donkey, which waxes her master every day in the week, except Sundays, lives in Peterborough.

## Council Meeting

(Continued from front page)  
that we purchase plows (two) elsewhere, 14 inch. Carried.  
Provost Road—Counc. Dumont reported that he had met Mr. Kirby, and the Province would be the Billing grading, and diversions if this Council would pay for the grading. The grading would be \$40 per mile. This would cost Division No. 1, \$240, and Counc. Dumont was willing to arrange for \$140 from his appropriation if the Council as a whole would make a grant of \$100 to this main road. Counc. Sewell would grant a special appropriation of \$100 be granted to Division No. 1, for the main road, the Provost from the grants 1 and 2, provided that all other terms be carried out as outlined by Counc. Dumont. Carried.

Manitou Lake—Meridian road was left over for the present.

Petition—For the opening up of the surveyed road between Secs. 2 and 11, and 3 and 10, all in 44-2-4, was read, signed by 14 ratepayers concerned; and the matter was referred to the standing committee already appointed in that regard. Moved Counc. Dumont. Carried.  
Letter was read from a ratepayer drawing attention to the fact that cattle were running at large in the Municipal District, owned by a person not entitled to run them according to the by-law in that regard, and Secretary was instructed to write the party concerned, stating that action would be taken under the by-law unless the cattle were removed out of the district within a reasonable time.

J. Semple and Roadway—Secretary reported that Mr. Semple had no road out of his premises without going through crop land, and that Mr. Semple had estimated that it would cost in the neighbourhood of \$650 to make the road possible, in the right place. Mr. Semple was prepared to advance the money to have this work done under certain specified conditions and the money could remain as a temporary loan until such time as the Council could repay same; and meantime the money could be deducted from the amount. After some discussion, this matter was referred to Counc. Dumont for attention, on motion of Counc. Sewell.

Chauvin Agricultural Society—Letter was read from the Chauvin As-

6 per cent.  
Interest

## The Province of Alberta Offers

To those desiring a safe investment at a high rate of interest, a new Bond issue, paying Six per cent interest.

These are ten-year Gold Bonds dated May 1st 1920, and maturing May 1st 1930, with interest coupons payable May 1st and November 1st

Bonds are in denominations of \$100, \$500 and \$1,000

The General Revenue and all the assets of the Province are behind this investment.

These Bonds may also be obtained from any recognized Bond House in the Province of Alberta THITH

Address all communications to DEPUTY PROVINCIAL TREASURER

HON. C. R. MITCHELL  
Provincial Treasurer

GOLD  
BONDS

Investors may purchase these Bonds direct from the Department of the Provincial Treasurer, without commission of any kind or unnecessary delay in delivery.

This offering is intended chiefly for the benefit of the small investor, so that the industrious and thrifty, be he laborer, artisan, farmer, or professional man, may invest his savings by mail.

Remittances should be made by marked cheque, money order, or postal note.

W. V. NEWSON,  
Deputy Provincial Treasurer,  
Parliament Buildings, Edmonton, Alberta

gricultural Society, requesting that the Council publish in the local paper a list of the places where it was proposed to execute roadworks during the current year. Counc. Dumont moved that the Secretary reply to the effect that such a request was hardly reasonable; as it was practically impossible for any Councillor with such a vast length in mileage of roads to attend to, to say until he had had an opportunity of thorough inspection, just what and where certain sums of money would be spent. That at a later date some approximate idea could better be given. That the unusual conditions of the present season, the fact that we had only just made a start, owing to the late seed-

ing, and the difficulty in obtaining men and teams should be taken into account by the Society when framing request. Carried.

Banking—The Bank having requested account by the new form of resolution be completed owing to the change of Reeve, Counc. McCuskey moved that the Reeve and Secretary be authorized to sign all cheques notes and renewals, transact all general banking business, and generally carry out the financial transactions of the M.D. of Ribstone according to the Act. Carried.

Supervision of Roads—Counc. McCuskey moved that for the current year, Councillors be authorized to spend up to fifteen days on laying out and supervising roads as per Act. Carried.

The following accounts were presented and Counc. Sewell moved that same be paid Carried.

Road time sheets  
No. 1. 154.85;  
No. 2. 10.00; 15.75; 43.20;  
No. 5. 94.80;  
No. 4. 3.90; 3.65; 7.20; and 3.10;  
No. 6. 271.45;

G. M. Beattie, assessor, \$75.00;  
Mordens Allowance, 19.50; United Grain Growers 118.50, J. Swan 17.00

posting.  
Assessments In the matter of the account for assessing, most of the Councillors reported that many complaints had been made not examined the effect that they had not seen the assessor, and they could not understand how their lands could be assessed without same being inspected.

Secretary reported that Mr. Beattie had handed over the list of lands assessed to him, and the one copy of the list had been forwarded to the Deputy Minister for his approval and to be passed upon by the tax Commissioners. Counc. McCuskey desired to know what could be done in his regard where the ratepayers insisted that the assessor had not examined the effect that they had not seen the assessor, and they could not understand how their lands could be assessed without same being inspected.

Total \$1797.00  
Rate of Taxation—After considerable discussion in the matter of the estimates and the rate of taxation for the current year, the following resolution was moved by Counc. Tanney: Whereas it is deemed expedient to raise by the way of taxation the sum of \$1787 for the purpose of carrying out the undertakings of the Municipal District and the payment of general expenses for the current year, and whereas it is made to appear that there is a surplus of assets over liabilities amounting to \$1800, be it resolved therefore that the rate of taxation for the current year be fixed at seven (7) mills on the dollar for all assessable lands within the Municipal District, and that the secretary-treasurer be hereby authorized to levy and collect the same in accordance with the provisions of the Municipal Districts Act. Carried unanimously.

Municipal Hall. A further discussion then took place arising from the complaint laid earlier in the day regarding the hall, and on the understanding that the school district might be expected to build at an early date, which would cause the hall to be no longer on a footing to pay interest on money invested. It was suggested that the Hall might be sold to a school district or possibly to the bank expected in Ribstone this fall. The question of power to dispose was settled by the act; and Counc. Dumont moved that the secretary advise the Ribstone school district and any other parties likely to be interested, stating that the council were now ready to consider the sale of the Municipal Hall, and to invite offers for the same; said sale being subject only to the approval of a vote of the electors. Carried.

Pound district. Secretary reported that a request had been put in for an extra pound and poundkeeper in 42-2-4; and that he had authority to say that if same was considered necessary and agreeable to the council. Mr. H. Young would be willing to act in that regard. Counc. Dumont moved that an additional pound be levied on sec 12-42-2-4 and that Mr. Hugh M. Young be poundkeeper for the same. Carried.

Counc. Dumont moved that the meeting be adjourned, and that the council meet again at the call of the reve. Carried.

Rev. Mr. Miller gave his Killarney congregation a U. F. A. sermon last Sunday, not having been able to be there, on Farmers Sunday. His address was greatly appreciated by his hearers, who felt that in their new minister they had found one who understood, and was in sympathy with the Farmers' Cause, and the various circumstances which had been responsible, for the making the farmers unable under a common standard, bearing the good word "Equity" in the hopes of righting some of the unfair situations which in the past have kept the basic industry from settling down to the farmers themselves from making the most of their opportunities for keeping the children on the farm, where they are most needed.

ween Edincliffe (where Mr. Miller has opened a service) and Killarney, the three o'clock service has been changed to half-past three, to make it a little less of a rush between services for the minister. The time of the Sunday school has also been changed, being now three o'clock. Mrs. Armour was to take the intermediate class, replacing Mrs. Cayford, whose home duties caused her resign. We hope to see a fine turnout of S.S. boys and girls on July 11th.

MUNICIPAL DISTRICT OF RIBSTONE, No. 421.

Tax Recovery Act  
TAX SALE

SALE OF LANDS IN THE MUNICIPAL DISTRICT OF RIBSTONE, No. 412

NOTICE IS HEREBY GIVEN that certain lands in the Municipal District of Ribstone, No. 411 will be offered for sale under the provisions of the Tax Recovery Act for arrears of taxes and costs on a day and date to be fixed at the next meeting of the Council.

THIS LIST OF LANDS IS NOW IN COURSE OF PREPARATION, and said list will include all lands in arrears of taxes up to December 31st 1919.

Said list will include all penalties up to July 1st 1920.

LANDS in respect of which arrears are paid on or before the list is posted will be struck out; after which a certificate will be given. It is provided by the Act that it shall not be necessary for the collector to ascertain whether there are any goods upon said lands which might be distrained upon before proceeding to sell such lands.

Dated at Chauvin this 30th day of June A.D. 1920.

T. H. SAUL, Secy.-Treas.

PROSPERITY SCHOOL DISTRICT NO. 2128.

## See the Big Ball Games on July 7th

Those games have taken on such proportions this year that the committee were forced to appoint not only the usual manager Mr. H. N. Freeman, but also Mr. C. M. Kirby as his assistant.

Mr. Kirby with his influence as a sportsman a mixer and a gentleman is well chosen as an able assistant to already proven successful manager. Under the combined management we look for the much larger crowd expected this year to be handled with the same clockwork precision as has always characterized Chauvin Sports.

## Echoes From Edgerton

The members of Argo-Ka Rebekah Lodge spent an enjoyable evening on the 22nd. instant. Three new candidates taking the degree. Members of the Chauvin lodge were unable to attend owing to the condition of the

roads, but everything was arranged even at so short a notice, and very ably carried out, considering Argo-Ka is still in its infancy.

Mrs. W. D. Murdoch is enjoying a visit from her brother, Mr. E. Murray.

Mrs. E. Patton has again opened up her cream station and hopes to see all her old patrons back again.

The order of the Masons held their annual banquet last Wednesday evening. All enjoyed the concert especially the comics. After a most enjoyable lunch they tripped the light fantastic until the wee sma' hours.

Mrs. Murdoch and son Murray, spent a few days in Edmonton.

## Edinglassie Notes

Born: To Mr. and Mrs. Bingham, June 3rd a daughter.

Mr. Hans Witts recently motored to

Wainwright, returning after some difficulty caused by the heavy rains.

The farmers are surely wearing "the smile that never wears off" through what seems to be a dark cloud, but they are very optimistic this time as they all surely see the required moisture for a bumper crop.

Our teacher, Miss L. M. Brent is taking her vacation visiting friends at Kerber and Coleville, Sask.

Mr. George Goede, of Chauvin has been busy renovating our school-house, painting and refoining it, which greatly adds to its interior appearance.

Mrs. D. W. Brent have arrived in the district and are residing with the residence on the school grounds.

## RIBSTONE RECORD

Mr. C. Etson returned to Ribstone on Wednesday.

When did Chauvin learn to play ball? Oh, well, turn about is fair play.

Mr. Alf Pettit left for Edmonton hospital last Saturday.

Mrs. Jenkins and daughter have been spending a few days in Ribstone.

Miss Lizzie Morrison is spending a few days at her home in Cresthill.

Misses F. Moncrieff, E. Morrison, L. Clifford, and Mr. A. Gregory returned to Ribstone after sitting for their examinations in Chauvin.

A quiet number gathered at the Ribstone hall on Friday evening to see the old malds transformed. They all seemed to be well pleased.

A few of the Ribstone folks took in the play last Thursday evening.

We are hearing lots of rain which makes the farmer whistle a merry tune.

We are sure glad to welcome Mrs. Hurst back with us. Mrs. Hurst has been spending some time with her daughter, Mrs. Perkins, at Edgerton.

## Lealholme U.F.A.

A meeting of the Lealholme Local was held in the school on Wednesday evening June 23rd. Fifteen members were in attendance. Four new members were enrolled at this meeting.

Mr. I. E. Neil was appointed as the director to represent this local in the proposed Live Stock Shipping Association.

Collections for a deposit of one hundred per pound were made on upwards of nine thousand pounds of Binder twine.

One of our delegates to the Wainwright convention was present with his report, which was brief and to the point and enjoyed by all present. We will expect to hear from the other delegate at our next meeting. The delegates expenses will be paid by the Secretary on presentation of their bills.

## Killarney U. F. A.

A meeting was held in the school-house. E. B. Lang, the delegate to the District Convention at Wainwright gave his report. He dealt very fully with the proceedings there and gave

us his impressions of the place as well as the business done. His address was greatly appreciated by the members and a hearty vote of thanks was accorded him.

J. Semple was appointed representative of this local on the Live Stock Shipping Association.

A motion was passed in support of the Rest Room or Community Hall which the Women's Institute are desirous of erecting in Chauvin.

The dues now on the Dist. Association were ordered paid.

## Our Weekly Sermon

(Continued from front page)

provement of country life.

4. Another worthy object is to improve and enrich rural life. The problem of keeping farmers' children on the farm is receiving much attention at the present time, and has been solved only partially. If the farmer has means he can make the farm more attractive to the young folk, and help to keep them home. A whole address might be given on this problem alone, so that I shall not say any more about it. Every farmer should work it out for himself.

5. Another purpose of the U.F.A. is to win recognition for agriculture the place it should have in the nation. Agriculture is the most important industry, in the country and should receive more attention from our politicians than it does. They usually apply the law of inverse ratio when discussing agricultural questions. The elections the last year or two are making our politicians sit up and take notice. The farmers are effecting the change. May they not be weary in well doing.

6. A patriotic object is to enable Can-

adians to fill its place in the empire.

This is a big project to discuss. Let me give one hint. Try to get the best immigrants in the future, and not the lowest classes from Europe. What we want is more British stock in our country.

The U.F.A. has taught the churches the lesson of co-operation. They are learning to work together for the common good; to think in wider terms, and regard as brethren the members of other denominations.

## Chauvin Agricultural Society Column

### Summerfallow Early

The chief purposes of the summer-fallow are to store moisture and to destroy weeds. Rains falling on freshly plowed lands are more readily absorbed. The water is retained better, partly because the surface can be cultivated to reduce evaporation and also because there is no loss by transpiration through the leaves of the weeds. The latter is an important consideration, as it takes about 500 pounds

of water to produce a pound of dry matter in common weeds. Furthermore the rain falling on the plowed land helps to firm it, and nature thus does for nothing what costs money if done by mechanical means. The plowing should be completed early in July at the latest.

Plowing should be deep, at least seven inches, to provide a good reservoir for moisture. Follow the plow with the harrow, preferably a section attached to the plow, unless there is danger of drifting. In that case pack instead of harrowing. The weeds may be kept down and a mulch of small lumps and granules maintained by using the duckfoot cultivator. The disc pulverizes the soil of a summer-fallow unduly and increases the tendency to drift.

### Sunflowers Resist Frost

The opinions held by agriculturists in Alberta of the superiority of the sunflower over corn as a fodder crop for the West are being substantiated by actual results that go to show that the opinions based upon the results also.

In order to determine the merits of the sunflower and its suitability to this country a complete line of experiments were laid down on the University farm at Edmonton, which when completed will throw a considerable light on the growing of sunflowers. Seedlings of sunflowers and corn were made side by side under the same conditions at intervals of ten days from early in the spring until well on into the season and already very interesting facts have been noted.

In Central Alberta, one of the limiting factors is frost. On June 15th, there was a heavy frost of from two to three degrees, depending upon the location and most of the vegetables were more or less affected with frost. A field of corn that had been planted just a month was badly frozen while on the other hand sunflowers that were planted on the same day under the same conditions were not. This would indicate that the season for sunflowers is just ten days longer in the spring than for corn.

### See the Big Ball Games on July 7th

Those games have taken on such proportions this year that the committee were forced to appoint not only a manager, Mr. H. N. Freeman, but also Mr. C. M. Kirby as his assistant.

Mr. Kirby with his influence as a sportsman a mixer and a gentleman is well chosen as an able assistant to already proven successful manager.

Under the combined management we look for the much larger crowd we expected this year to be handled with the same clockwork precision as has always characterized Chauvin Sports.

A Kodak is a necessity not a luxury. It is not necessary to buy a high priced Kodak to get pictures of the children while they are young. A \$3.35 box camera does nicely, takes pictures 2 1/4 x 3 1/4.

Any one can do it. Your 5 year old child will learn to snap them. You bring the film to us when all are taken and you have no more bother with hours afterwards, and then the fun. Kodaks and films for sale by.

## Teach the Children to Save

Habits are acquired early in life. Children, who are taught the value of money and the habit of saving, grow up into good business men and capable women.

The easiest way to teach children to save, is to start a Savings Account for each child (\$1.00 each is sufficient). After a child has saved another dollar to make an additional deposit, he or she will have a better appreciation of just what a dollar stands for, and how much work and self-denial it represents.

## ARTLAND ARGUS

Mr. and Mrs. Swardrick were in town Monday of last week, accompanied by Mr. Dadds, member for Cutknife, and Mr. Wood.

Mr. Dadds, was on the way to Eastern points.

We are glad to see Mrs. Hillier back again with her wee son.

The crops are beginning to look fine in these parts.

Mr. Frank Wright, of New Zealand is at present visiting relatives at Artland.

Mr. Wood has recently arrived in this district from Toronto.

Connected with the Presbyterian Board of Sunday Schools, part of the "Forward" Movement of the Presbyterian Church, Mr. Wood is travelling through the west, engaged in organizing various districts for Sunday School Work.

The intention is, so we understand, to map out the whole province on the line for a regular campaign and is to be closely connected with the students extension scheme.

A correspondent writes to us saying, that Mr. Wood held a meeting at Brady School house on the 21st instant.

The attendance, he adds, was unfortunately not large, but those present enjoyed the privilege of a most interesting address from Mr. Wood on the general outline and objects of his mission.

Mr. Wood also took the opportunity, while in the neighbourhood, of holding a meeting at Cliffe House School.

We are informed that a considerable section of the community, regard the proposed activities of the Presbyterian Church among the line indicated in the foregoing remarks as urgently needed.

It is to be hoped that the scheme therefore will meet with success.

We have just been informed on reliable authority, that Dr. Clark—the Federal member for Red Deer, familiarly known at Ottawa as "Red Michael" will address a political meeting at Airle School house on the 28th July. Dr. Clark is the Apostle of Free Trade as it affects the Dominion.

He has been recognized as one of the leaders by the House and his memorable encounter with Mr. Meigher, the Minister of the Interior, sitting crowded with members and strangers, will long be remembered.

Dr. Clark will no doubt fully deal with the subject that his name is so closely associated with, but his wide knowledge of the world allied to a long experience in general politics, render him a speaker, worthy of close study and attention from the general public of whatever shade of political opinion.

The statement of Sir George Foster in the Federal House last week, contained the important announcement that all wheat certificates would be redeemed before the present year.

This business of the certificate has passed from the domain of comedy to that of tragedy.

That these certificates should have paper, in numerous instances, and thrown or given away, or sold for a cent or two is inconceivable.

It would be highly interesting to analyze the mental process leading to such action.

The real painful feature in the case is the revelation of a wide spread lack of confidence existing in a large class of the community both in the Federal executive and in the integrity of a commission appointed to carry out the details of a policy necessitated by this critical situation of the moment.

## Football Notes

Full Report Crowded out—EDINGLASSE vs CHAUVIN, Sat. June 26. Game was well contested till half-time. Chauvin only scoring one goal. Change ends favored Chauvin. "Happy" scored four goals for Chauvin, one assisted by P. Baynam; and Mills the other two. Edinglasse pressed hard quite often but did not score. 7-0 in favor of Chauvin.

AIRLIE vs CHAUVIN Monday June 28th. The game was a weird exhibition resulting in four goals being scored by Chauvin and two by Airlie. Airlie had the assistance of Lewis (Manitou Lake goalie).

## CROWDED IN NOTES

The unexpected length of the principal reports has crowded out several items.

The next meeting of the Ribstone W. I. Saturday, July 3rd.

Roros U.F.A. picnic is announced; Wednesday, July 28th.

Rev Arthur Burton, of Calgary, will preach at Prosperity, Airle Chauvin next Sunday Edinglasse July 5th and Killarney July 6th.—Referendum question—There will be a public meeting in town Saturday afternoon.

**FORD Touring Cars and Roadsters** can now be supplied with new Ford electric starting and lighting systems as OPTIONAL EQUIPMENT.

This electric equipment is a Ford product built by the Ford Company in their own factory, and consisting of Generator, Starting Motor and Storage Battery.

It is as reliable and efficient as the Ford Motor, into which it is built.

The Ford Standard Magneto also supplies ignition independent of the batteries.

#### Canning Fruit

Much of the Small Fruit Crop May be Conserved by this Method

Due to the scarcity and high price of sugar the possibility of much of the coming crop of small fruits going to waste is greatly increased. There is a method of canning without sugar, and to secure the best information on the subject, the Commission of Conservation invited Miss Jeanette Babb, Instructor of Household Science at Macdonald College, to prepare a short paper. Miss Babb especially emphasizes the caution that in sugarless canning "the utmost care must be observed, and every rule strictly followed" otherwise loss of fruit and wasted effort may result.

Fermentation and decay are caused by the bacteria, yeasts and moulds which are ever present in the air, coming into contact with the fruit. We must, therefore, destroy these firms of life present in the fruit and in the containers and prevent their further entrance into the containers, by sealing and sterilizing or boiling. This is what is termed canning.

"There are many reasons why canned goods spoil. Some of these are: Because of imperfect jars, use of old or poor rubbers; use of stale products; being too slow; filling too many jars at once; inaccuracy in time of boiling;

failure to test jars after sterilizing; and careless storage.

The equipment necessary for canning is as follows: Wash boiler, or large kettle, with an air tight cover; fitted rack for bottom of boiler; good jars and covers properly sterilized; good rubbers; one handled spoon or silver knife, strainer, or clean cheese cloth for washing fruit, blanching and cold dipping, boiling water, and clean towels, all of which should be sterile.

"To prepare the jars, test them first for leakage, by filling with water, fitting on the rubber, sealing tightly and inverting on a dry table. If no moisture is seen on the table the jar is safe. Sterilize the jars and covers by placing them on rack in boiler, cover with cold water, bring water to boiling point and boil for fifteen minutes. Sterilize the rubbers in a shallow dish of water for five minutes.

"The cold pack method the importance of the two terms, blanching and cold dipping, should be emphasized. Blanching is to dip in boiling water, and keep under the boiling water for, from a few seconds to five minutes, according as to whether the fruit is of the soft or hard variety. Cold dipping means the immediate plunging into cold boiled water to set the coloring matter, to aid in keeping the fruit whole and to make it easy to handle.

#### PREPARATION OF FRUIT

1. Select when it is at its best—thoroughly sound, ripe but firm and free from bruises.
2. Grade as to size and quality for sugar or uniformity.
3. Can the fruit if it is picked, and as soon after picking as possible, especially where no sugar is used.
4. Clean fruit and prepare as for table use.
5. Blanch in case of hard fruits.
6. Cold dip.
7. Pack product quickly into jars which have just been removed one at a time from the boiler, using a sterile knife or spoon handle for packing.
8. Fill with boiling water, insert knife to let out air and fill again to top with water running over jar.
9. Put on sterilized rubber, cover, and partially seal at once.
10. When all jars are ready, place on rack in boiler and cover with water of the same temperature as jars, keeping the jars separated.
11. Cover boiler, bring to the boiling point, and boil until the fruit is cooked.
- (a) Soft fruits require from 10 to 15 minutes where sugar is used. When no sugar is used we add 15 minutes more to the required length of time with sugar.
- (b) Hard fruits with sugar require from 30 minutes to one hour plus twenty minutes without sugar.

12. Uncover boiler at end of time for sterilizing or boiling, allow steam to escape and seal jars tightly immediately upon removing from boiler. Invert until cool.

13. When cool screw tight again, wash outside of jars, label and put away in a cold, dry, dark place.

Note—In sugarless canning the utmost care must be observed, and every rule strictly followed.

To restore the color to lavender or pink wash shirts or children's dresses add half a cupful of vinegar to every quart of cold water and soak the material in it for ten minutes. Wring out and iron while slightly damp. The color will return almost immediately.

An epicure says six things are necessary in order to make a home happy. The first is a good cook, and the other five are money.

A burned saucepan should be filled with cold water, to which a liberal allowance of soda has been added. Let it stand for an hour or so, after which heat the water slowly for a few minutes and the burned patches will come off quite easily.

A married man's idea of heaven is a place where wives do not ask their husbands for money.

Withering looks will make a garrulous woman dry up.

Blacklead will give a brighter polish if mixed with vinegar and soda.

Paraffin rubbed into the scalp occasionally, acts as a tonic and keeps the hair in good condition.

Daughter—"Yes I've graduated, but now I must inform myself in psychology, philology, bill—"

Practical Mother—"Stop! I have arranged for you a thorough course of roasting, bolology, stichology, darnology, and general domestic houseology. Now get a your working clothesology!"

Alladin—The new Soap Dyes. No boiling necessary wash the goods as with ordinary soap the dying looks after itself. Price 15c. per package. The Chauvin Pharmacy

### Chauvin W. I. Notes

The C. W. I. are conducting a Grain Campaign asking every farmer to contribute a bag of grain from their next harvest towards the building of a permanent rest room for the accommodation of ladies and children from the country when visiting town, which they have undertaken to erect. The Womens' Institute meeting is postponed until July 21st when a full attendance is requested as arrangements are to be made for the serving of meals on Fair Day.

The members of the Chauvin W.I. are invited to a Miscellaneous Show, to be given in honor of Miss MacKinnon, on Saturday afternoon, June 26th, at the home of Mrs. Roy.

### DVANCING YEARS

I'm having trouble with my teeth; the upper ones, the ones beneath, are a ways loose and sore; I find my hair is falling out. I have the stringhalt and the gout, and walking is a bore. It's hard for me to read a book; my eyes grow weary when I look ten minutes at a page; I have a trumpet for my ears! Oh, such things come with passing years the penalties of age. I'm glad that in the bygone times I salted down my surplus dimes, with wintry days in view; with zeal I plied my trenchant pen, and saved a stock of iron men—enough to see me through. Now by my figtree and my vine I sit and rest and make no whine of fortune or of fate; I view the world with failing eyes, but see the good that in it lies, and keep gaze I see old men who failed to save the shining yen in days long left behind; they slay away at dreary toil, and long to have six feet of soil in which to end the grind. There's nothing sadder than the sight of some old crippled, weary wight, still toiling for his bread, still dragging for a thrown away, and wishing he were dead.
